### About the Organization:

Pierce's Project annual fundraising event, ***Premature Oktoberfest: A Microbrew for Micropreemies*** celebrates 5 years and we'd love your support in helping us make this year our most successful event to date!

As the leading nonprofit organization locally to help families with micro preemies, Pierce's Project was founded to help support families of premature or chronically ill infants before, during and after their NICU stay.

Our mission is simple: to offer love and support to other families facing situations similar to ours. On our darkest of days, we were so blessed and encouraged by the generosity of others, including complete strangers. And we were encouraged when we heard stories of other surviving micropreemies. In short, that is why we feel the need to give back.
